Universität
Hannover

The Institute of Algebraic Geometry invites applications for the position of a

Research Assistant (Postdoc, m/f/d) in Algebraic Geometry (Salary Scale 13 TV-L, 100 %)

to be appointed October 1st, 2023 or later. The position is limited to three years.

Responsibilities and duties

The successful candidate is expected to contribute to the teaching and research of the department. He/she should have a good research track record in Algebraic Geometry.

Employment conditions

To qualify for the position, applicants must hold a scientific university degree in Mathematics. Furthermore, a doctoral degree with above-average success in Algebraic Geometry is expected.

Leibniz University Hannover considers itself a family-friendly university and therefore promotes a balance between work and family responsibilities. Part-time employment can be arranged upon request.

The university aims to promote equality between women and men. For this purpose, the university strives to reduce under-representation in areas where a certain gender is under-represented. Women are under-represented in the salary scale of the advertised position. Therefore, qualified women are encouraged to apply. Moreover, we welcome applications from qualified men. Preference will be given to equally-qualified applicants with disabilities.
