## **Research Assistant (Postdoc, m/f/d) under the ERC-Grant "RationAlgic" (Salary Scale 13 TV-L, 100 %)**

to be appointed on April 1st, 2024. The position is limited to 2 years.

### **Responsibilities and duties**

The successful candidate is expected to contribute to the research of the department. He/she should have a good research track record in Algebraic Geometry and participate actively in the activities of the ERC-Project.

### **Employment conditions**

To qualify for the position, applicants must hold a scientific university degree. Furthermore, a doctoral degree in Mathematics with above-average success in Algebraic Geometry is expected. The applicants research is expected to have some connections to rationality questions and/or algebraic cycles.

Leibniz University Hannover considers itself a family-friendly university and therefore promotes a balance between work and family responsibilities. Part-time employment can be arranged upon request.

The university aims to promote equality between women and men. For this purpose, the university strives to reduce under-representation in areas where a certain gender is under-represented. Women are under-represented in the salary scale of the advertised position. Therefore, qualified women are encouraged to apply. Moreover, we welcome applications from qualified men. Preference will be given to equally-qualified applicants with disabilities.
