The Institute of Algebraic Geometry invites applications for the position of a

## Research Assistant (m/f/d) in Algebraic Geometry (Salary Scale 13 TV-L, 100 %)

to be appointed on April 1st, 2021. The position is unlimited.

### Responsibilities and duties

The successful candidate is expected to conduct active research in the field of algebraic geometry and to participate in the institute's research activities. Relevant teaching experience is required. The teaching duty amounts to 10 hours per week during the semester and includes the organization of exercise classes and examinations, as well as introductory seminars and supervising of students.

### Employment conditions

To qualify for the position, applicants must hold a scientific university degree, preferably in Mathematics. Furthermore, a doctoral degree with above-average success in Algebraic Geometry, very good language skills in English and German, as well as experience with digital media in teaching and research is expected.

Part-time employment is possible.

As an equal opportunities employer, Leibniz University Hannover intends to promote women and men. For this reason, suitably qualified women are specifically invited to apply. Preference will be given to equally qualified applicants with disabilities.
